## ABOUT ME

A highly skilled React full stack developer. Proficient in building scalable web applications using technologies such as React.js, Node.js, Express.js, MongoDB, MySQL, and Strong problem solving abilities and a track record of delivering high-quality code. Experienced in collaborating with cross-functional teams and delivering projects within tight deadlines.

## PROJECTS

### E-COMMERCE JTPFOOTWARES

Built a dynamic E-Commerce system from scratch using Node.js, Express, and MongoDB. Managed end-to-end development, including product administration, secure authentication, and seamless payment integration. Designed an efficient cart and checkout process for a streamlined user journey

### FEATURES

- **PRODUCT, CATEGORY, AND BANNER MANAGEMENT**

Organized and displayed products, categories, and banners effectively

- **USER AUTHENTICATION**

Ensured secure user access through robust authentication measures.

- **ONLINE PAYMENT AND CASH ON DELIVERY**

Enabled flexible payment options, including online and cash on delivery.

- **WALLET AND STOCK MANAGEMENT**

Efficiently managed user wallets and monitored stock levels..

- **CART AND CHECKOUT FUNCTIONALITY**

Optimized user experience with streamlined cart and checkout processes.

- **ADMIN PANEL**

Developed an intuitive admin interface for efficient platform management.

### WORKERS BOOKING WORKERSONLINE

I have developed a user-friendly web application that simplifies the process of booking workers for specific dates. Our platform offers a diverse selection of workers, allows users to check their availability, and securely book them for their desired dates and tasks. This project not only showcases my passion for web development but also provides a practical solution for efficient worker booking, ensuring seamless work arrangements.

### FEATURES

- **REAL TIME NOTIFICATION**

- **CHAT**

- **REVIEW**

## EDUCATION

2023 IGNOU

2018 Kerala Technical University

2015 MVHSS

BA(Hons) English

Diploma: Electronics Engineering

+2(higher-secondary) : computer Science
